Subject: Energization of Hail university SS

Sir,

This to inform you that our Hail University 132/13.8 KV SS has been energized with 9031 A and B feeders today at 10.02 AM. All the three GT also energized and every thing is normal. Now we left one more remote end feeder from 9030 SS which is under testing with CSD is going on.

I would like to convey my gratitude for your kind support and guidance to complete this Substation.

I will be thankful to all who supported to complete this Substation.

With Best Regards,
M Rambabu,
